

# ABDELKARIM MOUCHQUELITA

## PROFILE

Motivated 21-year-old cybersecurity graduate from Morocco, specializing in penetration testing, red teaming, and application security. Ranked top of class in Bachelor's at Ynov Casablanca (2025) and Diploma at Cité des Métiers et des Compétences (2024), with hands-on expertise identifying/exploiting vulnerabilities across web, API, network, and Active Directory environments via 50+ bug bounties (XSS on Tesla, RCE on RedBull asset, \$15k+ earnings, Paysafe Hall of Fame). Experienced in freelance pentesting, custom scripting (Python/Bash/PowerShell tools like Nmap-Bomber), and HTB Pro Labs (DANTE, ZEPHYR, POO). Seeking first professional role to apply offensive security skills and grow in a dynamic team.

## ACHIEVEMENTS

Top Hacker At Paysafe programs n BugCrowd

### Competitions:

top 2 in qualifications of DGSN ctf,  
top 4 in AUSIM ctf

## SKILL HIGHLIGHTS

Penetration Testing  
Problem Solving  
Virtualization  
Linux  
PHP

## INTÉRÊTS

Researching  
Video Games  
Tech content writing

## LANGUAGES

Arabe  
Mother tongue  
English  
B2  
French  
B1

## EXPÉRIENCES PROFESSIONNELLES

### Bugcrowd & Intigriti & private clients

Self-Employed, Remote - 08.2023 / Présent

- Collaborated independently with Bugcrowd and Intigriti to secure 50+ platforms by identifying and reporting critical vulnerabilities.
- Earned \$15,000+ in bounties and Paysafe Hall of Fame recognition for impactful findings, including reflected XSS on Tesla and an RCE chain on RedBull.
- Conducted targeted assessments with RedBull on Intigriti; invited to Yahoo and HackerOne Live Hacking Events (Morocco).
- Delivered actionable PoCs, CVSS-scored reports, and remediation guidance, using OWASP Top 10 testing and Python/Bash automation for secure implementations.
- Skilled with tools and technologies including Burp Suite, Nmap, Metasploit, Subfinder, Nuclei, ffuf, SQLmap, Hydra, Git, Docker, Linux, and automation with Python and Bash.

## CERTIFICATIONS

### Junior Penetration Testing (eJPTv2)

INE Security - 12.2023 / 12.2026

### Certified Red Team Analyst (CRTA)

CyberWarFare - 06.2025 / 07.2030

### ProLabs (DANTE, ZEPHYR, POO)

HackTheBox - 07.2025 / 07.2030

### Certified AppSec Pentester (CAPen)

SECOPS - 11.2024 / 11.2030

## EDUCATION

### Bachelor CyberSecurity

Ynov Campus, Casablanca, Morocco - 10.2024 / 10.2025

Graduated; GPA: 15/20

### Entrepreneurship Program (PIE)

Cités des Métiers et des Compétences, Nador, Morocco - 09.2023 / 09.2024

Initiated a project to identify student problems (video: [vimeo.com/790878409](https://vimeo.com/790878409)) and developed a pickup system using student IDs to solve cafeteria space issues (video: [vimeo.com/790890471](https://vimeo.com/790890471)). Final Program Project (Team Manager): Led a team to secure sponsors, paint walls at a child protection institution, organize activities, and host a closing event (video: [vimeo.com/829889262](https://vimeo.com/829889262)).

### Diploma of Specialized Technician in Computer Systems and Networks

Cité des Métiers et des Compétences, Nador, Morocco - 09.2022 / 06.2024

Graduated; GP: 16/20
